👤 PROFILE

Dynamic and adaptable Software Engineering graduate with expertise in web design and development. Committed to efficient and collaborative work practices, I excel both independently and in team settings. With a passion for continuous learning, I aim to master full-stack web development and explore game development, including animation and 3D modeling.

Outside of technical pursuits, I'm an aspiring author, using writing to share perspectives and insights. I'm also fascinated by languages and cultures, believing in the power of communication to bridge divides and foster understanding.
